

Structural Fabricator

DeLong's, Inc. is a steel fabricator that produces steel bridges and miscellaneous bridge components for the transportation industry and structural steel for the building industry. The company, founded in 1944, has approximately 190 employees at its locations in Jefferson City and Sedalia, Missouri. We are seeking applicants for a full-time Structural Fabricator at our Structural Fabrication location in Jefferson City. All qualified applicants will receive considerations for employment without regard to race, color, religion, sex, or national origin.

Requirements:

- Strong organizational, verbal, interpersonal, and time-management skills are required.
- Ability to use and read a standard tape measure is required.
- Welding and/or fabrication experience is preferred.
- CNC machine operating and drill press experience is preferred.
- High school diploma or GED is preferred.

Duties and Responsibilities:

- Fabricate and assemble structural metal products.
- Set up and operate fabricating machines such as CNC machines, coping machines, automated welders, brakes, shears, cutting torches, and drill presses.
- Grind, hammer, and chip workpieces to prepare for welding, cutting, bending, and straightening.
- Use internal blueprints and procedures to verify conformance of welding and production processes to specifications.

DeLong's, Inc. offers a competitive salary based on education and experience and a competitive benefits package, including health insurance, paid time off, and a profit sharing and pension plan. We will be accepting applications until the position is filled. However, interested candidates are encouraged to apply by December 18, 2020. If you are interested in working for a well-established company, please send your resume, completed application, and salary requirements to:
